Definitions

MFA — *Multi-Factor Authentication*

Overview

Microsoft Teams helps users communicate, collaborate, and participate in meetings from a single application.

This guide explains how to download, install, and verify Microsoft Teams on a Windows device.

Notes: Estimated time for completion is five (5) to ten (10) minutes. Ensure the following before Teams installation:

- Windows 10 or later is installed.
- An internet connection is available.
- A Microsoft account is available.
- Permission to install software on the device.

Procedure

1. Open [Microsoft Teams](#) on web browser.
2. Select **Download for desktop**.
3. Save the installation file.
4. Open the folder that contains the downloaded installer.
5. Select **TeamsSetup.exe**.

Notes:

- Allow the application to run.
 - Wait for the installation to be completed.
 - The Teams sign-in page opens.
6. Enter Microsoft account email address.
 7. Select **Next**.
 8. Enter password.
 9. Complete MFA.
 10. Open Start menu.
 11. Verify if the Teams application is installed:
 - If yes, Microsoft Teams appears in the application list. End process.
 - If no, proceed to Troubleshooting section.

Troubleshooting

Issues	Causes	Resolution
Teams Does Not Install	• Corrupted installer • Insufficient permissions	1. Download the installer again. 2. Restart the device. 3. Run the installer again.
Unable to Sign In	• Incorrect credentials • Network issues	1. Verify your email address and password. 2. Confirm internet connectivity. 3. Reset password if necessary.
Teams Closes Unexpectedly	Network issues	1. Close Teams. 2. Restart the device. 3. Open Teams again. 4. Reinstall Teams if the issue continues.

Frequently Asked Questions

- **Can I install Teams on more than one device?**

Yes. You can install Teams on multiple supported devices.

- **Does Teams update automatically?**

Yes. Teams installs updates automatically when new versions become available.

- **Do I need administrator permissions?**

Some organizations require administrator permissions to install applications.
