

Standard Operating Procedure

Employee Leave Management Process

Document Control Information

Document Title: Employee Leave Management Process

Document ID: HR-SOP-001

Version: 1.0

Owner: Human Resources

Approved By: HR Manager

Effective Date: June 2026

Review Frequency: Annual

Definitions

HRMS — *Human Resource Management System*; used for leave tracking and management.

HR — *Human Resource*

Purpose

The purpose of this Standard Operating Procedure (SOP) is to define the process for requesting, approving, recording, and tracking employee leave to ensure consistency, transparency, and compliance with organizational policies.

Scope

This SOP applies to all full-time and part-time employees and their respective reporting managers involved in the leave request and approval process.

Roles and Responsibilities

Employee

The following are the roles and responsibilities for an Employee:

- Submit leave requests through the HRMS portal.
- Ensure sufficient leave balance is available before applying.
- Provide required information and supporting documents when necessary.

- Inform the reporting manager in case of emergency leave.
- Leave requests should be submitted at least 3 working days in advance whenever possible.
- Extended leave exceeding 5 consecutive working days requires managerial approval.

Manager

The following are the roles and responsibilities for a Manager:

- Review leave requests.
- Assess workload and resource availability.
- Approve or reject leave requests within the defined timeline.
- Ensure business continuity during employee absence.

Human Resources

The following are the roles and responsibilities for HR:

- Maintain leave records.
- Monitor policy compliance.
- Support employees and managers regarding leave-related queries.
- Generate leave reports when required.

Procedure

Leave Request Submission and Cancellation

Complete the steps below to request a leave:

1. Log in to HRMS portal.
2. Select leave type from the drop-down.
3. Determine if the leave is planned or emergency:
 - If planned, proceed to next step.
 - If emergency, complete the following steps:
 - a. Inform the reporting manager via phone, email, or messaging platform.
 - b. Submit the Leave request in the HRMS portal at the earliest opportunity.
 - c. Manager reviews and records the leave accordingly.
 - d. End process.
4. Enter the following fields:
 - a. Leave start date

- b. Leave end date
 - c. Number of days
 - d. Reason for leave
5. Click **Submit**.
- Note:** The system notices the Manager through mail.
6. End process.

Complete following steps to cancel a leave request:

1. Log in HRMS portal.
2. Submit the cancellation request.
- Note:** Request will be moved to the Manager.
3. End process.

Manager Review

Complete the following steps to Approve/Reject the leave request:

1. Log in to HRMS portal.
 2. Go to the pending approvals tab.
 3. Review the following before proceeding further:
 - Leave balance
 - Team availability
 - Business requirements
 4. Determine if leave request is to be rejected/cancelled:
 - If yes, enter appropriate comments. End process.
 - If no, click **Approve**. End process.
- Notes:**
- The employee receives an email notification.
 - Leave status is updated in the HRMS system.

Exceptions

Scenario	Action
Insufficient leave balance	Request may be rejected or treated as unpaid leave.
Emergency situations	Manager may approve exceptions based on circumstances.
System unavailability	Leave requests may be communicated through email and updated later in HRMS.
